

Electronic Expenses Solution

Only available to CPC Drive customers

Contract duration: 1st April 2014 to 31st March 2018

North of England
Commercial Procurement Collaborative

Background

The NHS currently employs 1.5 million staff with every trust processing staff expenses. 51% are already automated but over 40% still process their travel expenses manually.

Limited resources to check claims against policy plus lengthy reimbursement processes all add up to significant wasted effort and cost to the NHS each year.

The electronic expenses solution - Expenses Health from Software Europe is available via NOE CPC and allows NHS organisations to dramatically reduce the cost of managing employee expense claims, via a user-friendly web-based service with a reduction in claim processing costs by over 90% & spend on travel expenses by up to 20%, through improved accuracy and policy control.

Expenses Health has already been chosen by over 140 NHS organisations and is now being used to manage over 5.5 million expenses per annum across the NHS.

Benefits to the buyer / trust?

The benefits of utilising an electronic expenses platform include:

- Improved claim accuracy & policy control
- Reducing travel & expenses spend
- Enhanced mileage functionality
- Improved user experience
- Intelligent Management Information
- Single sign-on for current CPC Drive
- Central and online recording of all expense claims
- Automatic mileage calculations using start and end postcodes
- Mobile technology supporting iPhone, Blackberry and Android devices, enables staff to add and approve claims whilst out and about

- Ability to set up trust specific policy rules and allow for expenses to be authorised electronically prior to interfacing with payroll system
- Able to interface bi-directionally with the NHS ESR (Electronic Staff Records) System.
