

Background to framework

This procurement has been conducted by NOE CPC on behalf of its member organisations. The resulting agreement is available for use by NOE CPC member organisations according to their own individual requirements.

The framework comprises Security Services (including car parking).

Bidders were invited to demonstrate a track record of delivering this service, appropriate to this procurement, and evidence of an ability to absorb any future member's requirements according to their geographical location.

Services include, but are not limited to:

- A 24/7/365 service
- Providing man guarding
- Both occupied and vacant properties
- Providing key holding and lock / unlock services
- Control room management
- Ability to monitor CCTV images
- Monitor and respond to intruder and fire alarms
- Respond to emergency and fire procedures
- Incident reporting
- Bedwatching and locating missing patients
- Removal of persons causing a nuisance / undesirables
- Car park management
- Crime prevention.

Benefits

All suppliers must evidence the following accreditations:

- Organisational membership of the Security Industry Authorities (SIA)
- SIA Accreditation and 'Badge Holding' for all security officers.

The framework also reflects recent changes in government policy and legislation including:

- The Criminal Justice and Immigration Act 2008
- HMG Security Policy Framework April 2014
- Changes to employee security checks with the introduction of the Disclosure and Barring Service (DBS).
- Market testing and compliance
- Through participating in this agreement trusts can demonstrate that they have robustly market tested

this key area

- No need to go through a formal OJEU tender
- Value for money
- The competitive tender process helps to ensure that trusts are buying services at a competitive market rate which can offer significant savings.

Suppliers
